

**We, SEB Investment Management AB, Luxembourg Branch are looking for a new team member to our Risk Control team for a 2 years period.**

*\*\*\*For details on the application procedure, please see the bottom of the add\*\*\**

The Risk Control function of SEB Investment Management AB and its branches is responsible for identifying, monitoring, analysing and reporting key risks within the fund management company including its branches. We cover risks on product level, for example market, counterparty and liquidity risk, as well as the compliance with investment restrictions and risk on a company level being mainly operational risk. We are a part of the 2<sup>nd</sup> line of defence for the fund management company and we work closely with the Group Risk function.

### ***What you can expect***

You will become a team member of the Risk Control unit at SEB Investment Management AB, positioned in our Luxembourg branch. We are a team located in 2 geographies, being Stockholm and Luxembourg, where collaboration and a high degree of personal responsibility are key elements. We focus on ensuring high quality risk control within the business area of fund management.

This means that you will develop and secure a qualitative and efficient handling of risks in the fund management company. You will communicate risk and create risk awareness. You will work closely with different units within the fund management company in Sweden and Luxembourg and interact with Group Risk. Your responsibilities will include reoccurring tasks such as risk monitoring and reporting, but also ad hoc tasks such as being involved in or lead projects. You will also be working with advisory matters in a wide variety of change activities.

### ***What we expect***

You are a person with a positive character who is curious to learn and have a flexible mind-set and ability to adjust. You are an analytical person with strong integrity, good judgement and we expect you to take a high degree of personal responsibility and permanently strive for improvements. You should enjoy working in a team and have good communication and collaboration skills. You should be able to pay attention to details but also to understand trends.

We would like you to have good knowledge of financial instruments and the risks associated with them. Previous experience from working with funds is an asset, although not a prerequisite. Experience from the risk area is highly valued.

English in writing and verbal-communication is a prerequisite, language skills in French or Swedish would be an additional asset.

**Learn more about working at SEB [www.sebgroup.com/career](http://www.sebgroup.com/career)**

It is our fundamental belief that inclusion and diversity is crucial for our future success. We strive to have an inclusive, value-driven culture where employees feel valued, respected and involved irrespective of who they are, what they believe or where they come from.

***Great people often know great people – please share if you have a friend who would love this job.***

**Welcome with your application**

Interested? Please e-mail your application together with a detailed CV and a personal letter describing yourself and how you can contribute to SEB in English to HR department at [recruitment@sebgroup.lu](mailto:recruitment@sebgroup.lu). Since we select candidates continuously, feel free to send in your application today, but no later than 30 April 2019. If you have questions about the position please contact Julie-Anne Gabriellsson, Head of Risk Control Luxembourg branch, on +352 2623 2587 or +352 621 817 719. All applications will be treated with the strictest confidentiality.
