## Student Internship in Global Project Portfolio Management

### 1 About us

*Fresenius Kabi is a global health care company that specializes in lifesaving medicines and medical technologies for infusion, transfusion and clinical nutrition. Our expansive portfolio of products and global network of science and manufacturing centers provide essential support for the care of critical and chronically ill patients. We are part of Fresenius SE, a health care group with more than 100 years of experience in pharmaceuticals, medical devices and life sciences. Our employees develop and deliver injectable pharmaceuticals and infusion systems; blood collection, transfusion and cell technologies; and essential nutrients for parenteral nutrition.*

*Whether you work for us, buy from us, partner with us, or invest in us, you will come to know that caring is at the core of everything we do. Our purpose is to put lifesaving medicines and technologies in the hands of people who care for patients, and to find answers to the challenges they face every day. Being a part of Fresenius Kabi means being a part of an environment with a strong prospect. We believe in our employees and we are passionate about the development of every individual. Our global extent gives you a great opportunity to select your own future development path.*

*Fresenius Kabi is a growing company with about 1,100 employees in Sweden, and over 39,000 employees worldwide. We are proud of our products and that can be noticed throughout the whole company. In our employee survey the colleagues, the development opportunities and the familiar atmosphere are mentioned as some of the best parts about working at Fresenius Kabi.*

The global project management team manages the product portfolio from initial idea to finished product. We have the central role of managing product development projects by bringing the experts of different departments together and leading the teams in line with the overall strategy.

We are looking for a talented student during the summer/autumn period to support the project management team in exciting and important projects such as global label strategies and internationalization of products. In this internship role you can demonstrate your interdisciplinary skillset and thereby, develop your talents and skills. You get the chance to build up a sustainable and international network and orientate towards your future career after graduation.

## Main tasks

- Support the global project portfolio management team within development, strategy and internationalization projects
- Organizational preparation, execution and follow-up of workshops
- Creation of project-relevant information and informative presentations
- Support in the continuous development of internal Project Management tools and templates
- Support the build-up of departmental financial project steering

## About you

- Advanced full-time course of study in medical sciences, natural sciences, engineering, economics or similar
- Good Microsoft Office skills (PowerPoint, Excel, Word, Outlook)
- Very good English skills spoken and written, Swedish and/or German are of advantage
- Independent, structured and team-oriented working method
- Being self-driven and high engagement and flexibility
- Strong social and communication skills as well as an analytical and solution-oriented way of thinking
- Willingness to collaborate with multicultural and interdisciplinary contact persons
- Creativity and high interest in project management
- First experiences in any kind of working environment is highly appreciated

## About the role

The position is a temporary student internship – ideally starting in June or autumn 2020. The office is based in Uppsala Business Park and therefore, potential candidates must be located in greater Uppsala area (including Stockholm and Gävle, Sweden). This internship will be compliant with internship courses at the university (credits).

## Contact

If you want to know more about this role, please contact Ashkan Madani, Manager Projects, +46 18 644 072. We look forward to your application in English, Swedish or German as soon as possible.
