

SEB is currently looking to hire a Junior Strategist in our Strategy & Economic Research team, within our Large Corporates & Financial Institutions (LC&FI) division. The SEB Strategy & Economic Research team is the top-ranked Macro/FX/FI/Commodities research team in the Nordics consisting of some 20 economists and strategists based in Stockholm, Oslo, Helsinki and Singapore. The group caters to the macro research and strategy needs across a broad range of topics, markets, products and regions for SEB Clients, Sales & Trading, Internal stakeholders and Media.

As a Junior Strategist, your primary focus will be coverage of fixed income and foreign exchange markets. The role will include extensive fundamental research and data modelling supporting our reports and presentations. You will contribute to our tactical researching providing model support for our forecasts and trading recommendations. Over time you can expect to be involved in meeting clients and presenting our research work. we hope you find the role exciting!
